**MEMORANDUM FOR THE RECORD**

**SUBJECT: DCI Visit with Representative Clement J. Zablocki**

1. The Director, accompanied by John S. Warner, met with Representative Zablocki for approximately 45 minutes in connection with his recent trip to Saigon.

2. Zablocki made a strong point that in his view many of the problems emanating from Saigon are the result of a most irresponsible press. He added there were, of course, a few exceptions but felt generally the correspondents were young and inexperienced and were solely seeking copy that would sell newspapers without regard for U. S. national interests.
